MRS E. KIDDER'S

Cholera, Dysentery,

AND

Diarrhœa Cordial,

AN

Immediate and Perfect Remedy,

FOR

Cholera, Dysentery, Summer Complaints of Children, Diarrhœa, Sea Sickness, general Debility, &c

WHILE in all powerful antidote at hand, Cholera is no longer to be seriously feared or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours, if taken at the commencement.—It has been before the public for more than seventeen years, and was the first article made known to the public as an

IMMEDIATE AND PERFECT CURE

OF THE

CHOLERA

It has been thoroughly tested in every country and every climate, and its effect has everywhere proved the same.

SURE TO CURE,

even where the disease has advanced to its last stages.

CHOLERA.

Accounts almost daily reach us of the ravages of the CHOLERA, both at home and abroad and of the little success which has thus far attended the attempts to check its frightful inroads on human life.

Such being the fact, it surely may be regarded as an era in modern discoveries that a medicine has been discovered possessing the power of checking the progress of the Cholera, and eradicating it from the system.

Mrs. Kidder would most respectfully call the attention of the public to this invaluable medicine, known as her

"CHOLERA, DYSENTERY AND DIARRHŒA CORDIAL."

Many thousand lives have been saved by this medicine when the disease had advanced to its last stage.

It is hoped that every housekeeper will keep the Cordial at hand and if timely administered but little danger is to be apprehended from an attack of the

Cholera, Dysentery or Diarrhœa

This Cordial immediately checks the vomiting, relieves the pains, stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however low the patient may have become, it invariably restores.

The Severest Cases of Dysentery

are immediately counteracted, the pains allayed, the bowels healed and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours.

Chronic Diarrhœa,

[illegible] in children or adults of months or years [illegible] readily cured with this Cordial [illegible] they may be reduced to [illegible] strengthened and shortly [illegible] perfect health.

Cholera Infantum.

[illegible] the lives of many thousand children [illegible] to death's door by this complaint— [illegible] immediate relief, and they very soon [illegible]

Sea Sickness

[illegible] only sure and desirable remedy for [illegible] It checks the vomiting and readily [illegible] the patient. It invariably checks vomiting [illegible] from any cause whatever.

Children that are Teething,

if inclined to Diarrhœa should always be provided with this medicine, as it will keep the bowels regulated and keep off the Canker. It is wholesome, safe and pleasant to the taste, and children are fond of it and will take it without trouble or dislike.

For General Debility and Dyspepsia,

it is a most excellent restorative, giving a healthy tone to both the stomach and bowels and prevents food from pressing or distressing the stomach.

The public may rest assured that it contains neither opium or mineral substances or anything that is in the least injurious to the constitution.

CAUTION.

Be sure that you obtain MRS. E. KIDDER'S CHOLERA MORBUS, DYSENTERY and DIARRHŒA CORDIAL, and you will get the only true and original article, which has ever been in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, intended for family use and sold at One Dollar per bottle.

MRS. E. KIDDER,

100 Court Street, BOSTON,

who is the inventor and sole proprietor. Druggists and Apothecaries supplied as formerly in large or small quantities, and for sale by all her duly appointed agents throughout the world.

HALLOWELL HOUSE,

HALLOWELL, MAINE.

THE subscriber respectfully announces to his friends and the public that he has leased this well known Hotel, and has made many [great] improvements and repairs. The house has been newly furnished throughout in a manner that will compare with any other establishment on the Kennebec. It is his determination to make it one of the best resorts for the travelling public that can be found in this section of the country.

Gentlemen with their families and members of the State Legislature will be furnished with superior accommodations. The proprietor hopes by personal politeness and attention to merit the support and confidence of the public. Connected with the House is a good Stable where careful and experienced Ostlers will always be in attendance.

MRS. R. JORDAN

Begs leave to inform her old patrons that she has removed from No. 23 Main Street, to 46, Opposite the

HATCH HOUSE,

On the lower Floor.

Mrs. J. here returns her thanks for the liberal and extensive patronage of the inhabitants of Bangor and surrounding country, and [illegible] attention to

THE FACT

That her Establishment was the first of the kind opened in this place

Sixteen Years Ago,

And with her vast experience and resources for obtaining improvements at the present time, render her Establishment superior to any in this city and Mrs. J. hopes to receive the continuation of that reputation which has universally been given her for the

Clear and fine Finish

of her Straw BONNETS.

With the large assortment of Straw Goods of her own manufacture she is constantly receiving them from New York—also from the

Rome Manufactory

of DAVIS & BLAKE, Portland, whose new and improved facilities are such as enable them to sustain

THAT REPUTATION

for Style and Finish which is acknowledged by all to be not equalled by any other Manufactory in the UNITED STATES.

In addition to her Straw Millinery Department, MRS. JORDAN is prepared to furnish her patrons with all kinds of Silk Millinery, comprising Caps, Silk Shirred Hats, Lawn, and Mourning do. Hats trimmed in an

Elegant Style,

by experienced Milliners from a large assortment of the richest and latest patterns of Ribbons and Flowers just received from New York.

Mrs. J. also continues to clean and repair Bonnets in the usual style which is acknowledged by all to be the BEST. Particular attention is paid to the Bleaching and pressing of Gents' Leghorn and Panama Hats. Also Ladies Lace Bonnets which are cleansed and finished in a manner that render them

Equal to New,

and Ladies who may be desirous of having their Lace Bonnets repaired may rely on having them done to their satisfaction or NO CHARGE.

ECONOMY IS THE ROAD

TO

CALIFORNIA.

THE subscriber would respectfully inform all those who are desirous to go to California, but find themselves minus the "TIN"—that he has recommenced his business of

Tailoring and Clothes Cleansing,

—at his OLD STAND,—

110 Main Street,

And assures the public that they will find his establishment the road to commence to go to California, therefore, all who have soiled garments and would use economy are requested to call at MURRY'S. He warrants to remove spots occasioned by acids, grease, paint, tar, ink and marks of all kinds, and press and finish the garments in a superior manner. His mode of cleansing garments is different from any in the city, as it does not injure them either in form or durability, but gives them the appearance of new.

Repairing and altering done in the neatest style. His work will be done well, at reasonable price and with punctuality.

He respectfully returns his sincere thanks to the citizens of Bangor and the public in general for the very liberal patronage he received while in business heretofore and hopes by strict attention and by superior skill in the business, (as all who have favored him with their custom can testify) to merit and receive a share of public patronage.

Holden's Alterative and TONIC MIXTURE,

IS the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ and for removing many troubles which are often attributed to impurity of the blood.

Its action is that of a mild Alterative and Tonic, restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the appetite becomes regular and good, digestion perfect, sick head ache and many nervous disturbances growing out of imperfect digestion are generally cured. [illegible] of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin many diseases of the latter grow out of a morbid state of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troubles of children, supposed to arise from worms are caused by a deranged state of the stomach, and are removed by its use. Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient and cannot in any case do harm.

Home Testimony.

We, the undersigned have ourselves or in our families used Holden's Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended.

AGENCY FOR BUSINESS

With U. S. Patent Office,

WASHINGTON

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of 37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, where by a Patent may be procured about six weeks earlier, he continues to forward them free of expense, to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of [illegible] fully explaining their inventions and of consulting in respect to them, matters in general of paramount importance in order to obtain correct specifications and claims. The experience of sixteen years practice, an extensive collection of rare works, decisions &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time the office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R. H. EDDY, Esq. of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

John S. Sayward.—Editor

FRIDAY, OCTOBER 5, 1849

☞ We understand that the First Parish Church and Society in this city have called an ecclesiastical council, for the ordination of Mr George B Little, to take place on Thursday the 11th inst

The occasion will undoubtedly, call together a large concourse of people, unless they shall forego the pleasure of the occasion, on account of some apprehension arising from the Cholera We deem it proper to state our full conviction, that the Cholera has ceased here as an epidemic There have been but a few scattering cases for ten days past—there is no excitement here now upon the subject—the tone of health has been restored to even the sensitively nervous—business is reviving, and in all things Bangor is getting to be quite like itself again Our friends need have no fears in coming into the city

We have been determined, from the first, to make a fair, open, reliable statement, daily of the progress of the Cholera The record we have published may be relied upon and we challenge the strictest scrutiny, as to its truthfulness There are those who have counselled a different course, and thought that policy demanded a suppression of facts, and a general silence of the press, upon the subject of Cholera Such counsels did not prevail, and we think it highly fortunate that they did not, for then we must have borne the bad reputation, which excited letter-writers have imputed to our city For with the publication of a daily official, and accurate report of the cases and deaths by Cholera, so earnest have some people been to give a bad reputation to the city, that the number of deaths have been in their reports more than doubled, and these extravagant and injurious over statements have been published elsewhere Where should we have been now, had the policy of keeping silence, been practised? We must have borne the bad reputation whereas now, we refer to the official record and have the benefit of that

We understand from persons recently from Bath that there is no doubt about there having been several deaths by Cholera in that city, and that the disease is now there but the policy is, it is said to keep the fact, so far as possible from the public

The course pursued in this city has undoubtedly, been of benefit to our citizens generally, by rousing them to make all clean and sweet about their premises—by causing them to be cautious in their living—in avoiding excesses of food and drink and exposure of all kinds They have been made familiar with the appearance of the Cholera, and have been instructed in controlling its first insidious advances, and are now stronger of heart and mind in courage and capacity to bear and cure Cholera, than they would otherwise have been. There are few intelligent families here now, who do not know how to prevent having the Cholera, even if they are not able to cure it in the advanced stages

On the whole then, we close in the spirit of our opening paragraph, by saying to all who have a desire to attend the ordination referred to, that their friends would be glad to see them, and that they can come without apprehension from the existence of Cholera

☞ We would direct the attention of our friends and correspondents who are now in California or who intend visiting that country, to one interesting advantage they would confer upon their friends here, aside from Gold, and that is the collection and forwarding of seeds of fruits, vegetables and flowers, that they may be tested here, and something pleasant and valuable may be added to our house plants and gardens

Much benefit may be derived by the public from a little attention by individuals to such vegetable novelties as they may be able to send home for experiment in the form of seeds or roots and especially in the new region now opening to us In Oregon and California may we expect to discover many things which are worthy of trial, but which the thirst for gold will cause to be overlooked by the great body of emigrants We have heard extraordinary stories of the vegetable products of California, and are quite anxious to try to acclimate such of them as are valuable and unknown in this region

☞ The New York correspondent of the Chronotype, says that the French Minister, M Poussin, has got back to New York as meek and subdued as a whipped dog He protests that he has been taken utterly by surprise and that he loves every stone and stump in the United States as if they were diamonds and sandalwood He is ready to make every concession and no doubt would stoop to kiss Old Zack's great toe a hundred times, rather than to go back to France in disgrace He has said as much as this to those who guard the steps of the White House, but both Taylor and Clayton are too old birds to be caught with such chaff —So Poussin remains ill at ease, until he shall receive directions from his Government He will come out of the scrape, like Peter Bell, a wiser and a better man

Great Fire in Oswego, Tioga Co., N. Y.

Oswego is in ruins On the 27th ult seventy-five buildings were destroyed by fire, on both sides of Front st, from below the bridge to the upper end of the street, also on both sides of Lake west to Main st Only three stores or shops in the whole village are left standing

It is estimated that the value of property destroyed is $500,000—and some think more—but undoubtedly less

A Business Almanac.

Mr V B Palmer is about to issue the second number of his BUSINESS MEN'S ALMANAC for 1850 It will be an improvement even upon last year, Some of the proof sheets are now before us Those who are in the trade should look out, and save a corner for the book of the million

☞ At the Massachusetts Whig State Convention held at Worcester on the 3rd inst, Geo. N Briggs was nominated for Governor, and John Reed for Lieutenant Governor—both by acclamation and without a dissenting voice, and a Committee was appointed to inform them of their nomination

The Philadelphia North American of Monday states that a private letter was received in that city on the day previous "from a respectable source in Charleston, stating that intelligence had just reached that City, announcing Mr Calhoun's purpose to resign his seat in the Senate of the United States at an early day

Cholera Report.

Appointment at Washington.

WASHINGTON, Oct 3

John D Barclay has been appointed Chief Clerk in the Treasury Department John C Clark the new First Auditor, has arrived with his family

The bricklayer's trouble at Patent Office settled amicably.

The Gloucester News states that a merchant of Boston has authorized an agent to offer $100 a month each to twenty five seamen, who are to go to San Francisco to bring home a ship which has been deserted by her crew

☞ The Cincinnati Herald states that several young ladies from the East were at the Broadway Hotel on Saturday, on their way to the Cherokee nation where they will form Schools and engage in their direction

☞ Accounts from Newfoundland state that the fisheries had turned out better than for several years past

Sixteen Days Later from California.

The N Y Tribune has the following advices from San Francisco to August 18, being sixteen days later than the news brought by the steamer Panama This intelligence was received through Mazatlan, Mexico and Vera Cruz, and reached New York in the mail of the British steamer Severn, by way of Mobile

"The news from the mines is of a quite glowing character, the yield of gold was steady and though there was, as a matter of course much disappointment among individuals, the general result was highly satisfactory It is estimated that the average product of the mines together, thus far, since the beginning of the season, has been $2,000,000 per month, and there was thought to be no doubt of its continuance at the same rate of abundance No change is quoted in the prices either of gold or merchandise

The health of the population, both at the mines and elsewhere, is generally good, and neither cholera nor any other serious malady is reported as having made its appearance

The jealous, unfriendly feeling which has so long been in existence between the Americans and South Americans of Spanish origin, has at last approached a crisis, and by the next arrival we may expect to hear of a grave collision, at least if the party warned off display anything like a manly spirit The Americans have determined that the Mexicans and Chilians who are at the mines shall no longer enjoy the privilege of digging out the riches of the earth, and have taken deliberate measures accordingly—All companies of these nations who have come organized to work for the season, with the intention of returning to spend the winter and wet season at home have been informed that their presence will no longer be tolerated, and have received positive orders to leave the gold region, and not return The more active and energetic part of the American mining population are understood to be engaged in this new movement of nativeism, but we are not informed what number of persons are actually engaged in this expulsive movement, nor how the parties would be matched in case of an attempt forcibly to compel the Mexicans and Chilians to evacuate, but there appears to be no doubt that the latter would have no resource but to submit at last

The order to evacuate allows a fixed time sufficient for the retiring parties to make all necessary preparations The Americans seem, from our information, to have proceeded very calmly about it and up to the 18th no disturbance whatever had taken place they were waiting for the expiration of the allotted period after which, should the rejected adventurers refuse to leave, they would set about making them—When the moment arrives, there is, in the nature of the case, danger of fighting and blood shed

Politics seem to be much more quiet through the territory than at the last dates, when the bustle of the elections had not yet ended, and the excitement of parties was still fresh Now it is comparatively stagnant Not a word is mentioned in our advices about the proposed State Constitution, nor is the Convention so much as alluded to From this, the natural inference is that the people are too intently occupied with the great business of taking out gold and getting rich, to devote any great amount of thought, in the hot weather of the dog days to anything of so little personal interest as public affairs in a country where the spoils of the Treasury are not so rich as those of the placers, nor so easy of access and exciting in the acquisition, as those of a faro bank or a roulette table"

Another Hand in the Poussin Affair.

Col Childs whose conduct in the Port affair was so severely criticised by M Poussin, has sent a letter to the Secretary of War in which he says

So long as M Poussin confined himself to comment on my evidence before the Board of Commissioners I felt quite indifferent to his opinions of my testimony it is on record and when published will vindicate the court that decided upon the case of Port the General who approved its proceedings and the final action of the Government

I deny indignantly the insinuation contained in the quotation and defy M Poussin to establish the remotest point in the dishonorable insinuation that he has made

I feel that it is my right to ask, at the hands of the proper authority, that M Poussin be requested to make specific and tangible charges, and what ever they may be, that opportunity be given me to show their falsity

Secretary Crawford in reply to this note, says he cannot comply with Col Childs request for specific charges, as the official relation has been severed with M Poussin, and whatever has been done in his official character ought not to be assumed individually

Letter from California.

STANISLAUS, May 26, 1849

When I last wrote you I was about leaving San Francisco for this place I arrived here in about two weeks after I started walked from Stockton here, about fifty miles, with the team that carried my tent and baggage As soon as I arrived I commenced digging It is work very much like that of the Irishmen digging for fair rations in the low grounds of Boston It requires one to bail out the water, while another picks and digs The first two weeks I cleared thirty dollars and board by labor that wore off the nails to the quick, but I had poor luck After these two weeks I made an arrangement to go into a trading business, which I find much easier, and more profitable All the stories we heard of high prices are true, though goods now are much lower than they were For one article, I have sold fish hooks for a dollar each When people here see anything they want, they never stop at the price, but weigh out

The gold seems to have been thrown out united with a white flint rock with which it is found connected in abundance This rock is forced up through the highest mountains in long but very narrow seams and gold is sure to be found in the ravines near the base of such mountains It seems to have descended in some way to the lowest ledge at the bottom of the ravines where it has been worked into little crevices, that the miners call pockets The pieces found in these places are worn smooth When found on the way to them they are rough and full of white rock.

I have been elected by the people, second Alcalde of these diggings, which brings all business before me that is usually transacted in justice courts at the East

Last night I was applied to by one Jew for process against another, to collect a debt of some £475. I made a writ directing the Sheriff to bring the defendant at once before me to show cause why he should not pay. At the same time a trustee writ was served upon a man who kept his money All parties appeared and after a patient hearing of fifteen minutes (I was much occupied that day,) judgment was given for the plaintiff for the debt and costs, which latter were taxed at $144, My share was three ounces Next day execution was issued, but no property could be found The Trustee swore that the debtor had taken nearly $3000 out of his hands the night before The defendant pleaded poverty so the case was taken up to the first Alcalde The man was arrested—tried by a jury which took nearly a day They decided that he should pay the debt before half past six o'clock that evening, or receive fifty lashes on the bare back and be banished from the mines This soon brought out his 'pile,' and the debt was settled Each juror received an ounce—each witness an ounce and the Judge $100 As I had to relate my proceedings I came in under the head of a witness This case for this section established the principle that dishonesty is not to be patronized ever in these mountains of California

There have been three jury trials since I have been here One was for stealing, which having been proved, the criminal received twenty five lashes well laid on and was banished Our first Alcalde has been a judge in Oregon, is a good lawyer and his courts have been conducted with all the equability of courts at home

Was not I surprised to see E here, after what he said at the time I left He has been at work from daylight to dark digging since he came, till th a week He obtained from two to $16 per day He is now keeping a trading post among the Indians where I am in hopes he will do better Our health has been as good thus far as it ever was A few days since a small party came along and stopped under a large tree near my tent washing their feet in a creek that flowed by, for they were sore with walking I entered into conversation with one of them, and after a while he came into my tent where E happened to be E soon recognized him as J an old acquaintance and schoolmate from Palmyra, last from Louisiana He too has come to try his luck here

Our roads are good here in dry weather, but when the rainy season sets in it is impossible to get away from the mines The soil everywhere then becomes so soft that you settle into it as you would in snow—but not quite so easy to get out

A friend tells me that if I get any spare dust I can get in San Francisco for the use of it six per cent a month

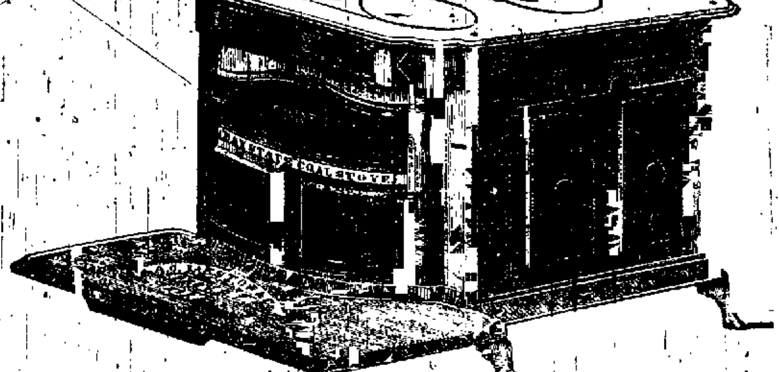
THE BEST STOVE NOW IN USE.
THE BAY STATE
COOKING STOVE,

Is unsurpassed by any other Stove now in the Market, being fitted for wood or coal, and is offered to the public, as defying all competition!



THIS STOVE was patented in 1848, for wood, and in 1849 for coal, and has been pronounced by competent judges, the most beautiful and perfect in its appearance, and the best Cook Stove in the market. The castings are heavy, smooth and beautiful; the joints are fitted with great perfection; the ovens are very large, and very nearly square, and will take in four middling sized pie plates. The Stove is so arranged that the wood lays and burns upon the ashes, instead of a grate, by which means the fire can be preserved for a long time; and as the oven projects under the fire-chamber, the fire and hot ashes produce a beautiful heat over the front of the oven, and causes the whole oven to heat equally. It has a beautiful apparatus for toasting and broiling, by which means all the smoke is taken off into the stove.

The Coal Stove has a cylindrical, or oval cylinder, lined with soap-stone or fire brick, and confessedly the best form of fire chamber in which to burn coal.

So confident is the subscriber in the superiority of the above Stoves over all others in the market, that he will, after a fair trial of thirty days, refund the money and all expenses, if it does not meet the expectations of the purchaser.

The largest, best selected, and most desirable Stock of Air-Tight, Cooking, Office, and Parlor Stoves, in this market at Wholesale and Retail. Also, Cooking Ranges and Hot Air Furnaces, at prices to suit the times.

On hand, as usual, a large assortment of LEAD PIPE, CASTINGS, COPPER and TIN WARE, and all other articles usually found in establishments of the kind.

N. B. COPPER, SHEET IRON and TIN WARE manufactured, as above, and by the best of workmen.

☞ Orders gratefully received and promptly Executed!

SARSAPARILLA.

Wonder and [illegible]

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter and warranted superior [illegible] It cures without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catharine st.

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept 14, 1847

DR. TOWNSEND—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully,

JAMES CUMMINGS.

FITS! FITS! FITS!

Dr. Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester county:

Fordham, Aug. 13, 1847.

DR. TOWNSEND—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nerviness of the female frame, which is the great cause of Barrenness.—It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully; very few cases require any other medicine; in some a little Castor Oil or Magnesia is useful. Exercise in the open air and light food with this medicine will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own handiwork in the "garden of the cheek," and in the [illegible]

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements—they are worthless imitations, and should be avoided.

FITS! FITS!

HART'S VEGETABLE EXTRACT.

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Nervous Debility, Paralysis, General debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race—

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Dr. Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the purpose of cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, until this most important of all discoveries was made by Doctor S. Hart, nearly six teen years since; during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone cannot efface. Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to the unfortunate sufferers, and friends, who are thus afflicted, as the only remedy.

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now rejoice in being fully restored to health and happiness." Another says, "I thank God that I am a well man. I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief." Another (who is an

EMINENT LAWYER,

and well known in this city,) says, "my son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract. Its fame," says he, "should and ought to be sounded to the ends of the earth." Another says, "Language is entirely inadequate to express my gratitude to Dr. Hart, for having been the means, under the blessing of God, of restoring me to good health, after having been afflicted with Epilepsy in its worst form for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."

Mrs. J. Bradley, 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract.

Dr Charles A Brown, of Dover, Russell co., Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge.

Curtis G. Mayberry, Esq., formerly Postmaster at Time Mills, Crawford Co., Pa., now living in Erie Co. Pa., states that for many years past he has been sorely afflicted with Fits, and he is now happy to state, that a perseverance use of Dr. Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases.

Mr. Stephen L. Pratt, corner of Sixth Avenue and Twenty sixth Street, New York, states that Mr. Charles L. Houghton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business. Having used Dr. Hart's Vegetable Extract (say Mr. P.) he was soon restored to perfect health, and left this city for the State of Ohio to resume his business.

Rev. Mr. Smith, Rector of St. Peter's Church, Spotswood, New Jersey, who has been afflicted with Epileptic Fits for more than fifty years, states that he has used Dr. Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits.

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm. Secore, Esq., of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months.—After travelling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT.

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH.

His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age, and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health.

Now, sir, faith without works I don't believe in.—To say I shall be ever grateful to you is one thing, and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours very respectfully,

(Signed) WILLIAM SECORE.

DR. CHRISTIE'S GALVANIC BELTS, BRACELETS, NECKLACES, AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians both in Europe and the United States, to be the most valuable medical discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weak and toning [illegible] the various organs and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAIN in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

Which complaints arise from one simple cause, namely

A Derangement of the Nervous System.

In NERVOUS COMPLAINTS Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening life-giving vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health strength, elasticity and vigor.

The great peculiarity and excellence of

Dr Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by outward application in place of the usual mode of drugging and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

[illegible]

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies who are peculiarly subject to Nervous Complaints have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that curse of civilization DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases stimulants are taken which by their action on the nerves and muscles of the stomach afford temporary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Certificates and Testimonials

From the most Respectable Sources,

Could be given sufficient to fill every column in this paper. We make a few selections. The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter is from one of the most remarkable events in the annals of Medical Science. It is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SUSSEX, New Jersey, July 12, 1848.

DR. [illegible] H. CHRISTIE,—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About fourteen years since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year caused me indescribable anguish. It alike set at defiance the skill of my physicians. Once for a time I received great relief, but this relief was only temporary. Further, in the winter of '44 and '45, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now thoroughly prostrated, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of the labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the Nervous System must be reached before I could find a remedy of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System. Every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is entirely cured. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. I [illegible] have tried them, with happy results, I believe, in every case.

I am, dear sir, very respectfully yours,

ROBERT W. LANDIS.

Many hundred Certificates from all parts of the country of equally extraordinary character could be given.

No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC ARTICLES, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.

N. H. DOWNS'S Vegetable Balsamic Elixir.

The Great Northern Remedy for Consumption!

ALSO the [be]st [and] [illegible] remedy in the world, for Colds, Coughs, Whooping Cough, Croup or Quinsy, Asthma, Pain in the Side or Stomach, and all diseases of the LUNGS AND LIVER.

This medicine is purely vegetable, and is by far the most effectual medicine known for all diseases affecting the BRONCHIAL OR PULMONARY ORGANS.

Its effect upon the patient is most marked, and differs from that of most medicines recommended for the same complaints, in the following particulars:—

1st.—It never irritates the organs it should soothe—never dries up the cough, leaving the cause untouched—but first loosens the cough, promotes the expectoration or spitting, then removes the cause, eradicating it completely from the system, when as a matter of course, the cough ceases, and the patient is well.

2d.—It never produces costiveness in the consumptive patient—on the contrary, it has a laxative effect and is a moderate cathartic. We defy the world to produce a case of costiveness so inveterate but that in two or three weeks (the patient in the mean time having proper regard to diet) it will entirely remove it and produce a healthy action of the bowels.

3d.—It does not produce a dryness of the skin but is a powerful promoter of sensible and insensible perspiration, thus expelling by the pores of the skin, those noxious fluids and impurities of the blood the retention of which in the system is the sure precursor of DISEASE, SICKNESS AND DEATH.

We do not pretend that DOWNS'S ELIXIR is a specific for all the ills that flesh is heir to, but we do say, and can confirm by incontestable evidence, that for

CONSUMPTION,

And all the diseases of the lungs, the liver and the pulmonary organs, it is unrivalled—unequalled.—HUNDREDS have been snatched from an UNTIMELY GRAVE, and hundreds who delayed too long its use, have found in the advanced state of their disease, that RELIEF FROM SUFFERING which they had vainly sought from every other source.

This INVALUABLE MEDICINE is highly concentrated and put up in 2 oz. and 4 oz. bottles, at fifty cents and one dollar per bottle, and each bottle warranted to contain MORE CURATIVE PROPERTIES than one bottle of any of the weak, adulterated pint bottle preparations of the day.

We have received hundreds of certificates of its wonderful cures, from every part of the country, many of which have been published and may be had gratis of any of our agents.

Sold wholesale and retail by CURTIS & SMITH, General Agents, St. Albans, Vt., to whom all orders for supplies of the medicine should be addressed, (stating the best mode of sending it)—also, sold by agents in nearly all the villages and towns in the country.

NEW AND

Important Discovery

GRAY HAIR can be restored to its original color, or whether Auburn Brown or Black. Sandy, Light or Red Hair can be matched with any darker shade, surpassing in beauty (even the most natural locks, retaining the gloss and softness of the original Hair), by using O. M. Ballard's

Permanent Liquid Hair Dye,

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public. Is free from all injurious properties, which can be tested by taking a lock of the finest and most delicate Hair of an infant, and color it with the Dye, which will not impair its gloss or its texture in the slightest degree, which is the best evidence which can be given that it is not injurious. On the contrary, it improves the lustre of the Hair, promotes its growth, and prevents it from falling out, and unlike other preparations, after the Hair is colored and dry, will not crock, fade, or wash out.

In short, from its peculiar delicacy, softness and easy application it is worthy the attention of all who may wish to improve the color of the Hair, as it will make any shade from a white to a jet black. It is now used to an unaccountable extent by persons who have prematurely turned gray, and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn, Brown or Black, without any additional preparation or the slightest trouble.

DR. PEARSON'S CARMINATIVE BALSAM:

Great Cholera Preventive.

THIS article should be in the possession of every person travelling. It has never been known to fail of producing the happiest results in cases of Cholera Morbus, Diarrhœa, &c. and has during the prevalence of the CHOLERA in this country, been performing wonderful Cures.—though it is recommended more particularly as a PREVENTIVE, but is useful in any stage of the complaint. If taken immediately upon the appearance of the Diarrhea—which is a premonitory symptom of Cholera—an attack of this fearful and fatal disease may be prevented. In Cholera Morbus and Summer Complaints of children, it has no equal. Dr. P. has made use of this remedy in his practice for near 10 years, with the most remarkable success. Price only 25 cents per bottle.

It is decidedly the most beneficial remedy for the cure of Dysentery, Cholera Morbus and Summer Complaint, that is known to man. Parents will find it the best medicine that can be used for young children and infants. And every person who is travelling in the summer months should not be without a bottle of it in their possession, as it is an infallible remedy against the change produced in the system by drinking bad water.

We annex the following certificate of Mrs. A. M. Sanford of New York in reference to the Carminative Balsam. We might add a long list, but consider this sufficient.

This is to certify that I have used Dr. Pearson's Carminative Balsam and confidently believe it to be the best medicine that can be used for the various diseases for which it is recommended. I to all ladies who are travelling in the summer months and mothers for the fretting and crying of infants for which it is a certain cure.

McKENNEY'S

COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords, Sprained Joints, Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weak or Pains in the Stomach, Piles, Corns, Warts, and Common Sores, and Cuts and Bruises of all kinds.

In bringing this article before the Public we are aware that we labor under no small disadvantage amidst the multitude of "All Healing Ointments" and "Panaceas" that are now advertised as the most effectual and certain cures for [illegible] indiscriminately, to which man or animals are subject.

A history of this Salve, and the wonderful cures it has effected in the above complaints will be found in a pamphlet accompanying each Box—reference to which is invited before trial.

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not merely as a matter of speculation and pecuniary benefit, but in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties.

To say, indeed, that we do not expect to realize a handsome remuneration for our [illegible] would be alike useless and untrue. But [illegible] ourselves that if forsooth, we are richly paid for the article soon, very soon has an ex[illegible] Public are receiving a full and ample [illegible]

As we have already intimated, we [illegible] shall not call to our aid the empty [illegible] Press, or the bought certificates of [illegible] and shall make use of them only so far [illegible] have been, or hereafter may be, entirely [illegible] and unsolicited.

The Salve is now before the Public

They, and they alone will decide upon its virtues and medicinal properties. To say [more] were injustice to ourselves—to say more [would be] superfluous.

Here are some of the many Certificates:—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and [in the] [illegible] of 1845 it commenced swelling from the [illegible] knee. After using many remedies [without suc]cess, I applied some Salve obtained of Mr. [illegible] McKenney, and continued its application [until I] used six boxes, which entirely cured me, and I have had no return of the disease [illegible] I would also say that I know the above Salve to be [illegible] for CORNS, one of my family having used it for that purpose with complete success.

DANIEL [illegible]

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure without success, which cost me about forty dollars, I bought 1 box of JONATHAN McKENNEY's Salve which effected an entire cure in less than two months.

BANGOR, June 5 18[illegible]

Mr. McKenney—In going into the woods in the autumn of 1845 with the charge of [a] crew of men, for the winter lumbering operation I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and Bruises, and I found it indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains and Bruises [illegible] tle, and found it equally beneficial. [illegible] be called the All Healing Salve.
